

Peer review process

- Submitted article by the authors is received by the editor.
- The editor verifies relevance of the article to the journal's policy for publishing such article i.e whether the article satisfies the need and technical standard of the journal.
- The editor sends the article to the at least two blindly selected reviewers. The reviewers have the power to select and reject the paper.
- The review results received from the reviewers are compiled.
- The results are corresponded to the corresponding author and he is asked to respond to the comments raised by the reviewers.
- If the editor is satisfied by the responses of the author, accepted for publication or a rejection letter is sent if not accepted
- The corresponding author is required to respond in due time and clarify ambiguities if any.
